

Proclamation

WHEREAS, racism is a social system with multiple dimensions: individual racism that is interpersonal and/or internalized or systemic racism that is institutional or structural, and is a system of structuring opportunity and assigning value based on the social interpretation of how one looks; and

WHEREAS race is a social construct with no biological basis; and

WHEREAS racism unfairly disadvantages specific individuals and communities, while unfairly giving advantages to other individuals and communities, and saps the strength of the whole society through the waste of human resources; and

WHEREAS racism is a root cause of poverty and constricts economic mobility; and

WHEREAS racism causes persistent discrimination and disparate outcomes in many areas of life, including housing, education, employment, and criminal justice, and is itself a social determinant of health; and

WHEREAS racism and segregation have exacerbated a health divide resulting in people of color in Connecticut bearing a disproportionate burden of illness and mortality including COVID-19 infection and death, heart disease, diabetes, and infant mortality; and

WHEREAS Black, Native American, Asian and Latino residents are more likely to experience poor health outcomes as a consequence of inequities in economic stability, education, physical environment, food, and access to health care and these inequities are, themselves, a result of racism; and

WHEREAS more than 100 studies have linked racism to worse health outcomes; and

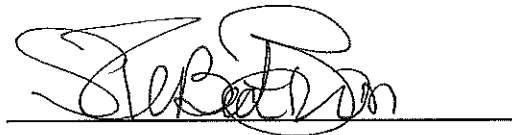

WHEREAS the collective prosperity and wellbeing of Bloomfield depends upon equitable access to opportunity for every resident regardless of the color of their skin; and

Now, therefore, be it *Resolved*, that the Town of Bloomfield —

- (1) Assert that racism is a public health crisis affecting Bloomfield and all of Connecticut;

- (2) Work to progress as an equity and justice-oriented organization, by continuing to identify specific activities to enhance diversity and to ensure antiracism principles across our leadership, staffing and contracting;
- (3) Promote equity through all policies approved by the Town of Bloomfield and enhance educational efforts aimed at understanding, addressing and dismantling racism and how it affects the delivery of human and social services, economic development and public safety;
- (4) Improve the quality of the data Bloomfield collects and the analysis of that data—it is not enough to assume that an initiative is producing its intended outcome, qualitative and quantitative data should be used to assess inequities in impact and continuously improve;
- (5) Continue to advocate locally for relevant policies that improve health in communities of color, and support local, state, regional, and federal initiatives that advance efforts to dismantle systemic racism;
- (6) Further work to solidify alliances and partnerships with other organizations that are confronting racism and encourage other local, state, regional, and national entities to recognize racism as a public health crisis;
- (7) Support community efforts to amplify issues of racism and engage actively and authentically with communities of color wherever they live; and
- (8) Identify clear goals and objectives, including periodic reports to the Town Council, to assess progress and capitalize on opportunities to further advance racial equity.

Department of Finance
INTERDEPARTMENTAL MEMORANDUM

To: Robert Smith, Town Manager
From: Keri Rowley, Director of Finance
Date: June 11, 2020
Re: 4th quarter transfers (amended)

Under the provision of section 908 of the Town Charter at the request of the Town Manager, but only during the fourth quarter, the council may resolution transfer any unencumbered appropriation balance from one department to another.

At this time, there are two departments that are in need of a transfer that cannot be funded within the department, Debt Service and Fixed Costs- Retirement. There are six additional requests to transfer funds from the general fund unencumbered balances to fund capital projects that were either removed from the Town Manager proposed budget or are new projects with expressed interest.

In the Debt Service department, I am requesting \$86,862 be transferred to the Interest line item. This will fund the debt service payment for the interest that is due for the short-term BAN that was part of the funding plan for the two building projects. This amount is completely offset by the premium of \$84K in BAN premium that I can recognize as revenue in the current fiscal year. Unfortunately, I still have to increase the budget by the requested amount to follow proper GAAP accounting.

The second request is needed to fund the Town 401 retirement contributions. This amount has been increasing steadily over the past few years as the number of employees on the pension plan retire and new hires enroll in the 401. On average, the Town is contributing about \$48K per pay period. The amount requested covers just over three pay periods.

The remaining requests are to fund capital projects that are either new or need additional funding. The first request is to fund Juniper Lane and Wadham Road. There were both projects that were presented in the proposed FY 2021, but were eliminated with the understanding that they could be funded in the current FY 2020.

The following request is to set aside funding for possible COVID- 19 safety improvements. Public Works has done a great job at providing temporary safety shields throughout the Town. These are temporary solutions to a pandemic that we are not sure will be temporary. We had a vendor come in and provide the Town with the cost of what a more permanent solution would be for all public facing departments. That cost was \$43K. While we are not sure if there will be more rounds of the pandemic, the thought was to transfer this funding in FY 2020 to be proactive in case we do need to move forward with the installation of safety improvements. It is possible that we could seek reimbursement for these expenditures, but we still need to identify the funding because all State and Federal funding work on a reimbursement basis.

Wheeler Park guard rail is a project that has been identified by Leisure and Public works as a potential project. This project will help keep vehicles from entering the park because a barrier would now exist. The guide rail will also frame the park and increase curb appeal which would hopefully increase the utilization of this location. It would provide a designated parking area and entrance gate as well.

The Bloomfield Board of Education requested numerous capital projects in the FY 2021 budget and all of them were postponed due to the tough budget year. Originally, it was thought that the BOE could take advantage of one of the older trucks that the Public Works department no longer has a high use for. This no longer seems like the best use of time or resources as the vehicle that would be transferred is eleven years old and in need of extensive repairs. The maintenance department does a high number

and variety of projects at the request of principals and teachers. The trucks needed by this department have utility bodies that allow for a secure transport of a large variety of materials and tools. The vehicle from Public Works has a cap on the bed and very little tool compartments and capacity. The BOE is appreciate the offer, but found in a previous experience with a vehicle matching the Public Works truck that the time spent on frequent changing of tools and materials was not efficient or effective.

The next request is for the heavy equipment from Public Works. The amount originally requested in the FY 2021 budget was over \$421K. All of that amount was eliminated, but the need for replacement equipment is still present. The below request is for \$275K which is the cost of one plow truck and backhoe. There are fifteen plow trucks for 110 miles of road, parks, schools and town buildings. If we replace one truck a year, that is equivalent to a 15 year replacement cycle. Fleet guidelines suggest a replacement cycle of 8 to 10 years. The current 15 year cycle has transitioned to a 17 year cycle because of funding constraints in FY 2020 and FY 2021 where no funding for a plow truck was allocated. If approved, the funding of the plow truck would replace a 1996 Ford L8000 plow truck. The backhoe that would be replaced would be a 2005 Caterpillar with over 5,000 hours of use. The Town has spent around \$50,000 in service over the past few years to try and extend the useful of this equipment.

There is a request for \$32,000 for the demolition of 194 Terry Plains Demo (property next to WHGC) that was submitted in the Town Manager Proposed FY 2021 budget. This item was added at the request of the Finance Committee during the June 15th meeting.

The last request was added as an amendment to the original memo that was presented to the Finance Committee. After further review, the Town Manager department will not have enough funds to cover the overage in the full time account. The overage of \$25K is due to the hiring of a new Town Manager while having the retiring Town Manager stay on board for a transitional period. Also, there was a new vehicle stipend that was an additional, unbudgeted expenditure.

I have prepared the following resolution to authorize the Town Council to transfer \$740,187 in appropriations within the 2019-2020 budget from the department below. The total adopted budget of \$91,847,821 remains the same.

All but the Town Manager transfer were discussed at the Finance sub-committee meeting on June 15th and was unanimously recommended for approval at the Council's meeting on June 22th.

The following amounts are free from encumbrances in the 2019-2020 General Fund:

<u>FROM</u>	<u>DEPARTMENT/FUNCTION</u>	<u>AMOUNT</u>
09105500-52281	Fixed Costs- OPEB	\$446,291

01460000-51111	Information Systems & Technology Full Time	\$10,000

The above amounts are to be transferred to the following departments in the 2019-2020 General Fund budget:

A Council resolution authoring approval of these transfers is attached.

RE: FY 19/20-56: ADOPTION OF RESOLUTION -TAX SUSPENSE LIST

Please see the attached memorandum dated June 18th from Tax Collector Jean Kitchens requesting that uncollected motor vehicle and real estate taxes which appear on the 2005 through 2018 grand lists be transferred to the suspense list.

Should Council wish to move forward, the following motion would be in order:

RESOLVED, That the Bloomfield Town Council hereby authorizes transfers in the amount of \$731,412.16 to the Suspense Tax Book for the years listed (2005-2018). This action is being taken upon the recommendation of the Tax Collector and as shown in a reported dated June 2020.

From: Keri Rowley, Finance Director
Date: June 19, 2020
RE: Annual Transfer to Suspense

Attached is a detailed report from the Tax Collector showing her evaluation of personal property and motor vehicle taxes that the Town is currently reporting as receivable, but which are likely uncollectible for various reasons (such as the entity in question being out of business).

The Tax Collector has included a memo explaining the process in detail. Being on the suspense list does not eliminate the chances for collection. Per Connecticut General Statutes, the elected body must approve the suspense list annually.

I recommend that the list be approved.

RE: Tax Suspense List

Attached hereto is the list of uncollected Real Estate, Motor Vehicle and Personal Property taxes which in my estimation are uncollectible. In accordance with State Statute this list must be presented to the legislative body of the Town. These are taxes which appear on the 2005 through 2018 Grand Lists.

Transferring these accounts to suspense does not mean that we cannot collect them if the taxpayer does reappear, and it does not mean that we will stop attempting to collect them. We will continue to use all collection methods available to collect these debts, which includes the use of a collection agency. We will also continue to flag the accounts as delinquent with the Connecticut Department of Motor Vehicles which will prevent delinquent tax payers from registering vehicles in the State until they bring their taxes current and will attempt to put real estate accounts to a tax sale. However, this transfer gives a more accurate picture of our accounts receivable.

I believe that these taxes must be considered uncollectible at this time and therefore submit them in accordance with Connecticut General Statutes, Section 12-165.
